

BioLawEurope

The BioLawEurope alliance has been entered into in March 2015 between and among independent law firms and lawyers specialized in and focusing on the rendering of legal services related to the biotech, pharma, food supplement, medical device and/or dentistry industry sectors. The participating lawyers are all registered and licensed to practice law and admitted to the bar in one or more jurisdictions in the EU and/or Switzerland.

The objective of the Alliance is to serve as a professional marketing, co-operation, educational and communication platform for its members.

The working areas of BioLawEurope include, but are not limited to, Research & Development Agreements, Pre-Clinical Tests and Clinical Trials (Phase I – III and Phase IV, GCP – Good Clinical Practice, Ethical Committees, Informed Consent, Personal Data), Regulatory Classification of Products, Insurance (Third Party Liability, Product Liability Claims, etc.), Production & Supply Agreements (GMP – Good Manufacturing Practice), Marketing Alliances, Licensing (Patents, Trademarks, Know-how, SPC's – Statistical Process Control), Agent and Distribution Agreements, Labelling & Packaging, Competition Law, Advertising & Promotion, Reimbursement & Pricing, Parallel Imports.
